

Truckee Dining Guide

TRUCKEE[™]
Chamber of Commerce

Truckee Dining Guide

Along with its natural beauty and many recreation opportunities, Truckee boasts a vibrant business community, including great restaurants, cafes, and breweries. This is a guide to the wide variety of culinary options that make up the Truckee dining scene. Whether it's a celebration, a casual get-together with friends, picking up whole chef-made meals to share at home, or grabbing a quick bite and a beer after riding or boating, you're sure to find your favorite spot to eat.

This guide will help you discover all the food options in Truckee, arranged by area of town. With live links, it makes it easy to go directly to the restaurants' websites for the most up-to-date information on their current operations.

In addition to the type of restaurant/café and general info on type of food, if alcohol is served, and price range listed, a picnic table indicates that a restaurant has outdoor seating and a paw icon shows that dogs are allowed at outside tables. 🏠 🐾 Some outside seating is seasonal and all is weather-dependent, so check before you go if you require outside seating!

Be Local 365 encourages residents and visitors to make supporting our local

community a way of life, including shopping, dining, and using local services and products. We want to make Be Local 365 a daily practice to help make our community stronger by thinking local first for dining, shopping, and services — 365 days a year. Our small businesses are owned and operated by our friends and neighbors. There are personal, economic, and community benefits to thinking “Be Local.” By supporting our local businesses, you ensure the money goes back into our community to help our small businesses that are vital to making Truckee the authentic mountain town that we love.
