Love, Truckee

From beautiful mountains, bluebird skies set against the green pine trees to fresh water lakes and streams there's plenty to love about Truckee. It's a place to recreate, relax and reflect on the ever-changing world we live in today.

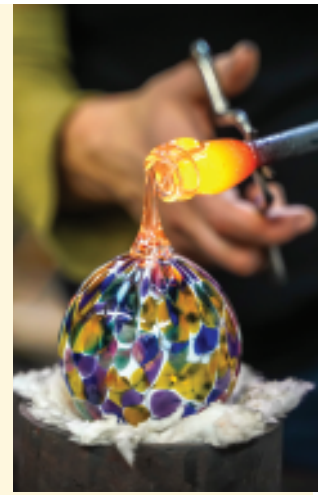

In Truckee, we value a balanced quality of life, healthy living, families and community, history and culture, and are environmentally conscious. We welcome visitors, friends, new families and neighbors to our community and know you will have an amazing time exploring and experiencing all that Truckee has to offer.

To protect and preserve this magical, authentic place we call home, we as a community are committed to kindness, plenty of love for each other and our environment.... and we invite our visitors to do the same. These are challenging times – and some of our businesses are operating in new and different ways and may be running a bit short staffed. Be patient and kind – after all.... it's Truckee time... time to slow down, be more laid back and casual. A warm smile is the universal language of kindness.

As more and more people seek healthy, outdoor, wide-open spaces, we all need to take extra steps to respect our favorite outdoor places and everyone out there enjoying them. Take a look on page 14 for the Recreate Responsibly guidelines created by the Recreate Responsibly Coalition of more than 1,000 businesses, agencies, nonprofits, and influential voices who are working together to help everyone experience the benefits of nature.

You'll find plenty of information in this guide to help you in your exploration and enjoyment of Truckee. Whether you're picking up that unique something in one of our many stores, taking a walking tour of historic downtown Truckee, hiking up that peak, ripping down that single track, carving those turns on pristine corduroy, or dining under the stars, this place is magic.... this place is home.

**Love,
Truckee**

TRUCKEE DONNER LAND TRUST

The Truckee Donner Land Trust has acquired thousands of acres of land to preserve and protect scenic, historic and recreational land to be enjoyed by the public. Explore some of the areas on Donner Summit:

ROYAL GORGE

- **LYLE'S LOOKOUT** – a short 3-mile hike provides spectacular view of the iconic Devil's Peak.
- **ROWTON PEAK** – a moderately strenuous 5-mile hike leads through several wildflower and bird areas, passes through some impressive volcanic geology, and offers expansive views of the Pacific Crest and the Granite Chief Wilderness.
- **POINT MARIAH** – a moderate 5-mile route with dramatic viewpoint down 4,000 feet into the Royal Gorge of the North Fork of the American River.

DONNER SUMMIT CANYON

The gateway to perhaps the most important square mile in California's history. A trail up the canyon follows much of the old Dutch Flat/Donner Lake Wagon Road, which later served as the Lincoln Highway. Some

of the historic features visible from the upper part of the trail include Native American petroglyphs, the China Wall, and the world's first automobile underpass (1913). The moderately strenuous hike is approx. 6-miles round-trip with a 1,000' elevation gain, uneven terrain and moderate to steep ascents.

For maps and more details for the trails above, visit tdlandtrust.org.

PACIFIC CREST TRAIL

The Pacific Crest Trail (commonly abbreviated as the PCT) is a long-distance hiking and equestrian trail. It is a 2,663 mile long trail running from Mexico to Canada along the crest of the mountains in California, Oregon, and Washington. Explore sections of the Pacific Crest Trail on some of the hikes on Donner Summit:

- **MT. JUDAH LOOP** – a moderate 4.5 mile round trip loop accessed from Hwy. 40, east of Donner Ski Ranch, turn into the unpaved parking lot before the snow gate and begin the hike on the PCT heading south.

PAVED PATHS AND TRAILS

Explore over 17 miles of scenic paved trails in Truckee, including:

- **THE LEGACY TRAIL** – 6.0 miles one way, this easy paved trail follows the river and provides scenic views. Great to walk, run or bike and it is cleared from snow in the winter. From downtown, head east on Brockway Road. Just past Palisades Drive stoplight, turn left into Truckee River Regional Park. The trail begins here or from East River Street downtown.

Donner Memorial State Park & Visitor Center

The Pioneer Monument statue at the entry to the park honors all who made the difficult trek across the western plains and mountains to reach California during the 1840s. Compelling new exhibits tell the stories of the emigrant experience, the Donner Party, the land of the Washoe, Chinese construction of the railroad, and early motoring adventures over Donner Pass. Tours available in the summer months. parks.ca.gov; 530-582-7892; 12593 Donner Pass Rd, Donner State Memorial Park, Truckee
